

SUMMER LESSON FORM:

Private lessons provide students with the ability to improve on their instrument through one of one instruction with a qualified instructor. We highly recommend private lessons for students who need to improve their skills and for students who want to take their playing to a higher level. We have compiled a list of qualified teachers who we can refer. If you are interested in having your student enroll in private lessons please complete and return this form. Private lessons cost between \$15 and \$25 per half hour lesson. We will pass these forms along to our instructors and they will contact you to set up the time and place of lessons.

NAME _____ INSTRUMENT _____
